

Application for
GROUP RATE ELEVATION CERTIFICATE

A1. Property Owner's Name: _____ Phone#: _____
A2. Property Street Address: _____ E-Mail: _____
A3. Property Description; Block Number: _____ Lot Number: _____

The recently adopted Biggert-Waters Flood Insurance Reform Act of 2012 requires a property owner to obtain an Elevation Certificate to get the best rate possible for flood insurance on previously constructed buildings/homes. The Surveyor has agreed to prepare the Elevations Certificates for a fixed group rate based on groups of three requests.

All interested parties are advised to consult their flood insurance carrier prior to ordering an Elevation Certificate.

The Township has requested bids and has received a favorable group rate from licensed land surveyors to prepare the Elevation Certificates. The lowest bid Surveyor has agreed to provide the service necessary to complete the FEMA National Flood Insurance Program Elevation Certificate in accordance with FEMA form F-053.

The Owner will receive two copies of the signed and sealed Elevation Certificate. One additional signed and sealed Elevation Certificate will be provided to the Township. The surveyor will correct any deficiencies identified by the Township or State and provide a revised Elevation Certificate as necessary without additional charge.

The Township received multiple quotes for the group rate service. The lowest quote was provided by FC Meola LLC, Engineering and Land Surveying at a rate of \$350/EC. Two firms provided a quote of \$375/EC with several others proposing a higher rate. The contact information for alternative firms is available by contacting the Pequannock Township Engineer at (973) 835-5700, x188.

If you wish to take advantage of this group rate, please fill out items A1 & A2 above at a minimum. The Surveyor can fill in the lot and block if you are not sure what it is. This signed form must be returned to the Township, or forwarded directly to FC Meola LLC, with payment for \$350.00 made out to FC Meola LLC. FC Meola LLC also accepts credit card payments (Visa and Master Card please call for procedure). Do **not** make check payable to the Township. The use of FC Meola LLC is strictly voluntary. The Township of Pequannock makes no recommendation or warrantees regarding the Surveyor's services.

By signing below, the property Owner shall waive any claims to, the Township of Pequannock, their respective employees and all officials, from and against all losses, claims, demands, payments, suites, actions, recoveries and judgments of every nature and description brought by the Owner against the Township.
