

Our vision is to give teens a voice in our community.

Our mission is to demonstrate that teens are valuable assets and care about matters that affect teens and the community. We seek to raise awareness of issues important to teens and enable their voices to be heard. We hope to accomplish this by educating the community about who we are through events, community service, surveys, forums, and to serve as a channel and resource for the benefit of all teens; thus creating a win-win situation that provides common ground for teens and adults.
