ADDITIONAL CONSIDERATIONS (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

PORTIONS REMAIN IN THE SFHA

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the structure(s) on the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, P.O. Box 2210, Merrifield, VA 22116-2210. Additional information about the NFIP is available on our web site at <http://www.fema.gov/nfip/>.

Dear Community Official:

Enclosed are copies of recent Letters of Map Amendment (LOMAs) and/or Letters of Map Revision based on Fill (LOMR-Fs) issued to amend or revise the National Flood Insurance Program (NFIP) map for your community.

As you know, the map repository is a local resource for information regarding the risks of flooding in your community. A priority of the Federal Emergency Management Agency (FEMA) is to ensure that changes to the flood-risk information, such as those resulting from the issuance of a map amendment or map revision, are sent to the repository for the benefit of the public. Please note that NFIP regulations require that the local map repository attach the enclosed copy of the LOMA and/or LOMR-F to the appropriate NFIP map on file.

We appreciate your cooperation in maintaining this valuable community resource. If you have any questions about any of the enclosures, or if the address of the repository for your community has changed, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP).

Sincerely,
