## Outreach/Referrals

REHSs met with restaurant owners with patterns of substandard inspections and went over critical violations and what measures will be taken to improve food handling techniques in the establishments. REHSs went over the Award of Excellence program, HAACP forms and past inspection reports.

- Florham Park: LaPiazza, China Chalet, Zizza's Bakery, Cullens (2 locations)
- Pequannock: Ametti's Pizza, My Bagel Heaven, Quick Check, Best Western, Pizza Man

## Multi-Agency Activities

- Pequannock continued to issue regulatory licenses for all municipalities
- At the end of January 'Final Notices' for renewal of licenses were processed to be mailed in the beginning of February
- Spanish food handlers class presented in Bloomingdale (four attended from Danny's Pizza)

## Special Events/Activities

- An application was submitted to Fairleigh Dickenson University's Silberman College of Business where, if chosen, MBA students will work with Pequannock on strategic planning that is currently being done within the department.
- An intern from Montclair State University Registered Dietician Program shadowed the REHS on retail food inspections for the day.
- Health Educator booked 'Illusion Maker' as part of the recycling program in Pequannock Schools to inform students about recycling and reuse.
- An intern from Morris County Technical High School continues to complete 160 hours in related public health fields under direction of the Public Health Nursing Division. She assisted at the Kinnelon rabies clinic and the late night in Pequannock.

#### CDRSS Summary

The Communicable Disease Reporting and Surveillance System (CDRSS) is a state wide system of reporting communicable disease and work related conditions to the local health department where the patient resides for further investigation. The purpose of this system is to protect the public health from certain diseases and conditions. These reportable conditions and the time frame for reporting are outlined in NJAC Title 8, Chapters 57-58.

1. Lab/hospital enters pt demographic information and positive results into CDRSS website
2. PHN logs into website daily to view residents with reportable conditions
3. PHN contacts Hospital/MD/pt via mail and/or phone as necessary to investigate illness
4. PHN notifies school, workplace and/or county epidemiologist as necessary
5. PHN educates patient/doctor/school/workplace on the appropriate CDC guidelines and state recommendations regarding treating and controlling condition
6. PHN completes and files the necessary reports via CDRSS website and any additional reports as directed by the county epidemiologist, NJ State DoH and/or CDC
7. PHN continues to monitor for any trends or increase/decrease in activity
