Narrative:

October was Breast Cancer Awareness month, and for the whole month Pequannock Twp. displayed an educational table with breast cancer resources for the community to take advantage of. We honored breast cancer survivors by the wall of hope and collecting donations. All donations collected went to the American Cancer Society “Making Strides Against Breast Cancer.”

October was also Global Hand Washing Day. With this initiative, ‘Germ & Flu Prevention’ education was presented to daycares, pre-schools & elementary schools. Children ages 4 years and up to 2nd grade received germ prevention education on the proper techniques to wash hands, sneeze and cough without spreading germs.

The end of October marks annually Red Ribbon Week; every year I am a guest educator for Kinnelon Middle school to discuss and educate on tobacco and tobacco products. A total of over two hundred (200) 6th graders received the education.
