UPCOMING PUBLIC EVENT

Melissa - Explained to us that the Event was discussed at the last Council meeting & the Council felt that it was not a good time to have the Event because of the Christmas Holiday in the same month. Group discussed & it was decided that we would hold the Event in March instead. Louise will contact FRC & try to arrange for March 1st & the 8th as a Snow Day. She suggested that we advertise the Event on the Town Hall Marquee & the Digital Sign by the Firehouse. In addition in the Trends, Channel12 & NJNews-Channel 8. We can have laptops available to obtain Resident Information.

Nick- Showed us the Brochure Handouts that we can use for the Event. He also suggested that we name the Event - Pequannock Flood Protection Update - all agreed.

Dara - Will meet with Joe Golden in an effort to clarify the Event Program & who would be responsible for what. She will also contact our Congressman inviting him & asking him to announce the approval & implementation of the First Grant. She suggested that Ken be our MC- all agreed. We would set up Stations as was done at the Meeting after the Flood in 2011. We should also include in our Program the Reverse 911 Procedure. Have handouts available for this. We should invite Smart Vents, Wolf Elevations & Farmers Insurance.
