

A message from the Pequannock Twp. Traffic Bureau

As we approach summer with the COVID-19 virus hopefully behind us many children and young adults will once again be out on our streets enjoying recreational activities. This is a great time to remind the motoring public to be cautious of pedestrians in the crosswalks as well as ensuring that we share the roads with bicyclists.

It is also a perfect time for Parents to remind their children of proper bicycle safety as they travel throughout the township each day. Parents, please stress the importance of the use of a bicycle helmet for ALL children 17 and under; it's the Law. Bicyclists should also be reminded to travel WITH the flow of traffic and not against it.

Joggers should try their best to wear high visibility/reflective clothing to ensure they will be seen by motorists. Walkers and joggers should always travel against the flow of traffic and remain alert for oncoming vehicles. Thank you and please have a safe and healthy summer of 2020!
